

PET Engineering College – Notices

1. Internal Examination

Students are informed that internal examinations will be conducted as per the academic schedule. Students should check the examination timetable and attend all examinations without fail.

2. Project Review

Final-year students are informed to attend the project review as instructed by their respective departments. Students should complete their project work and prepare the required presentation.

3. Assignment Submission

Students are requested to submit their assignments within the specified deadline. Late submissions may not be accepted.

4. Placement Training

Students are informed that placement training sessions will be conducted for eligible students. Students are advised to attend the sessions regularly and participate actively.

5. Fee Payment

Students are requested to complete their tuition and other applicable fee payments within the prescribed time.

6. Holiday Notice

The college will remain closed on holidays as per the official academic calendar. Students are advised to follow the college announcements for any changes.

7. Workshop and Seminar

Students are encouraged to participate in workshops, seminars, technical events, and skill-development programs organized by the college.

8. Hackathon and Technical Events

Students interested in hackathons and technical competitions can register through the respective department or event coordinators. Students are encouraged to participate and develop innovative solutions.

9. Attendance

Students are required to maintain the minimum attendance percentage prescribed by the college and university regulations.

10. Department Announcements

Students should regularly check official college and department announcements for information regarding examinations, classes, events, submissions, and other academic activities.
